The descriptions, designs, data and information contained herein are presented in good faith, and are based on BASF's current knowledge and experience. They are provided for guidance only, and do not constitute the agreed contractual quality of the product or a part of BASF's terms and conditions of sale. Because many factors may affect processing or application/use of the product, BASF recommends that the customer test the product to determine to its own satisfaction whether the product is suitable for the intended purpose and that any use by the customer is at the customer's own risk and in accordance with applicable laws and regulations. Any descriptions, designs, data and information given in this publication may change without prior notice. The customer is responsible for the safe handling of its products, taking all necessary health, safety and environmental precautions and complying with all applicable laws. Any descriptions, designs, data and information given in this publication or otherwise provided by BASF are given without any warranty or guarantee whatsoever, including any regarding correctness, completeness, merchantability, fitness for a particular purpose, non-infringement of any third party's intellectual property rights or freedom to operate. Any descriptions, designs, data and information given in this publication may be amended from time to time at BASF's discretion without prior notice. The customer is not relieved of its responsibility to thoroughly test the product as to its suitability for the intended processes and uses. In no event shall BASF be responsible for damages of any kind, including, but not limited to, consequential damages, arising from or related to the customer's use of or reliance on any product or any information provided herein. Nothing herein shall be deemed to grant any express or implied warranty, guarantee or permission to make, use or sell any product, technology or method in any country or to dictate the customer's compliance with the laws and regulations of any country.
